INDEX TO VOLUME XXI

(Asterisked entries are titles.)

*Abortions, report on a series of illegal, 60
Age, and fat/bone index, 199
* changes in young adult Army males, 187
Analysis of variance, vectorial, 65
*Anthropometric nomograph of Army white men, 218

*Blood pressure study of the natives of Ponape Island, Eastern Carolines, 47
Bodily dimensions, relative increases, by age, 187
Body measurements, regression on stature and chest circumference, 218
BUSHRA, EMIL, Correlations between Certain Craniofacial Measurements, Trunk Length and Stature, 246-256

Chest circumference, stature, and body measurements, 218
*Comments on the efficiency of significance tests, 205
Correlation models, and semantics, 111, 163
*Correlations between certain craniofacial measurements, trunk length and stature, 246
Cranial correlations, with trunk length, 246

Diagnostic variability, evaluation of, 17
Dixon, D. M., *see* LILIENFELD, A. M.
*Dyadic anova, an analysis of variance for vectors, 65

*Effect of the change in mortality conditions in an age group on the expectation of life at birth, 35
Expectation of life at birth, effect of change in mortality conditions in an age group on, 35
Eyedness, and writing systems, 233.

Facial height, correlations with trunk length, 246
*Fat/bone index as a sex-differentiating character in man, 199

Growth, young adult Army males, 187

Handedness, and writing systems, 233
HEWES, GORDON W., Lateral Dominance, Culture, and Writing Systems, 233-245
HOGBEN, LANCELOT, and KEMP, KENNETH W., Statistical Models Bearing on the Semantics of Correlation. I. The Umpire Bonus Model, 111-142
and WATERHOUSE, J. A. H., Statistical Models Bearing on the Semantics of Correlation. II. The Non-replacement Model, 163-186

IPSEN, JOHANNES, JR., A Practical Method of Estimating the Mean and Standard Deviation of Truncated Normal Distributions, 1-16

Kemp, Kenneth, *see* HOGBEN, LANCELOT

*Lateral dominance, culture, and writing systems, 233
Life table, effect of changes in mortality in an age group on expectation of life, 35
LILIENFELD, A. M., TREPTOW, E., and DIXON, D. M., A Study of Variations in the Interpretation of X-ray Pelvimetry, 143-162

Measurement, pelvic, errors in x-ray, 143
Micronesians, blood pressure in, 47
Mortality, effect of changes in, on expectation of life, 35
MURRILL, RUPERT I., A Blood Pressure Study of the Natives of Ponape Island, Eastern Carolines, 47-59
MYERS, ROBERT J., War and Postwar Experience in Regard to the Sex Ratio at Birth in Various Countries, 257-259

Nomograph, anthropometric, Army white men, 218

Pelvimetry, x-ray, variations in interpretation of pelvic types, 143
*Practical method of estimating the mean and standard deviation of truncated normal distributions, 1

RANDALL, FRANCIS E., Age Changes in Young Adult Army Males, 187-198
Anthropometric Nomograph of Army White Men, 218-232
Reading skill and handedness, 233
*Report on a series of illegal abortions induced by physicians, 60
REYNOLDS, EARLE L., The Fat/Bone Index as a Sex-Differentiating Character in Man, 199-204

SEKAR, C. CHANDRA, The Effect of the Change in Mortality Conditions in an Age Group on the Expectation of Life at Birth, 35-46
Sequential survey technique, 17
*Series of illegal abortions induced by physicians, report on a, 60
Sex differences in fat/bone index, 199
ratio, during war, and postwar, 257
Significance tests, efficiency of, 205
*Statistical methods for evaluation of diagnostic and other procedures. I. An objective weeding-out process applicable to material used in surveys of diagnostic variability, 17
* models bearing on the semantics of correlation. I. The umpire bonus model, 111; II. The non-replacement model, 163
Stature and craniofacial measures, 246
and weight correlations, age changes in, 187
chest circumference, and body measurements, 218
*Study of variations in the interpretation of x-ray pelvimetry, 143

THOMPSON, WILLIAM R., Statistical Methods for Evaluation of Diagnostic and Other Procedures. I. An Objective Weeding-Out Process Applicable to Material Used in Surveys of Diagnostic Variability, 17-34
TIETZE, CHRISTOPHER, Report on a Series of Illegal Abortions Induced by Physicians, 60-64
Treptow, E., *see* LILIENFELD, A. M.
Truncated normal distributions, estimation of constants of, 1
Trunk length, and craniofacial measures, 246
TUKEY, JOHN W., Dyadic Anova, An Analysis of Variance for Vectors, 65-110

Variance, analysis of, for vectors, 63

WALSH, JOHN E., Some Comments on the Efficiency of Significance Tests, 205-217
*War and postwar experience in regard to the sex ratio at birth in various countries, 257
Waterhouse, J. A. H., *see* HOGBEN, LANCELOT
Writing systems, and lateral dominance, 233

X-ray pelvimetry, variations in interpretation of pelvic types, 143
